

Minister's Report
9/21/10

Obviously, this month has been heavily involved in issues of death. As some of you know, my Mother-in-law's Brother-in-law died on August 27, and as a result I was heavily involved in helping to organize and conducting his funeral. Additionally, of course, I have been heavily involved in my father's process of dieing. Both of these "pastoral care" issues have taken an enormous amount of time.
